

Mythos Palace Resort & Spa Receives Green Key 2026

We are proud to announce that **Mythos Palace Resort & Spa** has been awarded the **Green Key Certification** once again for 2026, continuing our tradition of environmental responsibility and sustainable hospitality. This recognition highlights our ongoing commitment to protecting the environment while delivering exceptional experiences to our guests. Being honored once more reflects the consistent efforts of our team to integrate eco-friendly practices.

The **Green Key** is an internationally recognized **eco-label** for hotels and establishments that meet strict standards in environmental management, resource conservation, and sustainable operations. Receiving this certification is a testament to the dedication and hard work behind our sustainability initiatives.

Winning the Green Key motivates us to continue improving our environmentally conscious practices, from energy and water efficiency to waste reduction and eco-friendly operations. Together with our guests, we are committed to fostering a greener, more responsible approach to tourism and shaping a sustainable future for our planet.
